FOR IMMEDIATE RELEASE

Raystown Lake DMAP permits available at issuing agents.

RAYSTOWN LAKE, Pa. — RAYSTOWN LAKE, Pa -The U.S. Army Corps of Engineers at Raystown Lake announces that DMAP coupons for Area 89 will be available immediately from any license issuing agent or the Pennsylvania Game Commissions outdoor shop web page at www.theoutdoorshop.state.pa.us. Hunters interested in DMAP permits for Raystown may request a permit for DMAP Area 89 from the issuing agent and pay the appropriate fee. The Corps of Engineers at Raystown Lake will NOT be distributing any coupons for walk-in or mail-in applicants. A total of 1,200 DMAP coupons have been allocated for the 2009/2010 hunting season.

The DMAP licenses allow for harvesting only antlerless deer during any deer season at selected areas of the Raystown Lake project. The areas enrolled in DMAP for 2010 include project areas north of Susquehannock Campground road and Terrace Mountain from Weavers Falls Bridge to the dam. Maps of areas enrolled in DMAP at Raystown Lake can be picked up at the Ranger Office or can be printed directly from http://raystown.nab.usace.army.mil/LandManagement/deer_management.htm

Other areas of the Raystown Lake which are not enrolled in DMAP will continue to be open to normal hunting activities and hunters may continue to harvest does using a 4A tag, and bucks using their antlered tag.

For more information, visit <http://raystown.nab.usace.army.mil/> or call (814) 658-3405.
